High School Network Launch

In future, much of the support and training for High School English Departments will be carried out through local networks. This will allow teachers to work with colleagues, to avoid duplication and repetition and to share good ideas.

This morning workshop will explain the purpose of the networks and draw up future agendas. A key focus of the morning will be on the transition between Key Stage 2 and Key Stage 3 and on the development of bridging units.

Supply claims to be coded to E2KEYS budget.
Refreshments will be provided.
