Creating Quality Spaces for Two Years Olds in the EYFS

Key takeaways:

- Reflective considerations when implementing an authentic offer for two year olds.
- Interactive discussions about key relationships, two year old development and high-quality environments.
- Practical prompts and cues to use in your setting.
- A presentation and signposted resources to cascade to colleagues.

These workshops have been developed in line with the extended entitlement funding offer for two year olds and will support practitioners new to two year old practice or those who would like a foundation refresher.

Permissions given for an original presentation from 'Community Playthings' to include adaptations of updated evidenced research.

Numbers are limited so book now to ensure your place!

Spring & Summer 2024
