

Play, Physical Education and Physical Activity Exhibition and Workshops

12 July 2005 Norwich

This exciting and innovative day is aimed at schools, local authority providers, play settings, play workers, parent teacher associations, governing bodies, sports development colleagues and school councils planning playground developments.

Norfolk County Council's Children's Services are hosting one of the biggest exhibitions for play, physical education and physical activity. This free exhibition, has been supported by some of the country's largest manufacturers and providers of equipment and resources to the sector.

To complement this day, workshops on key aspects of play and physical education are being held. With the Government increasing resources towards sport, introducing targets to promote healthy lifestyles and raising the profile of physical activity and sport in general there has never been a better time to review your provision.

Come along and see the massive range of new and exciting equipment and resources. Discuss your needs with the experts. See what is possible.

Most workshops also provide comprehensive resources to plan and promote the area of work studied. Although there is a charge for the workshops, access to the exhibition area is free.

Exhibition opens 10:00 am and runs until 18:00pm.

Groups of pupils, parents (including PTA's) and Governors are most welcome. Please ring 01603 433276 to ensure that your group is met and welcomed! Ask for Michelle Steel or Martin Radmore.
