

Beginning With Books

Course Details

- To raise awareness of the role of libraries, books and reading in supporting early literacy and early learning.
- To demonstrate how hearing stories and rhymes helps children to develop language and communication skills.
- To encourage those working in early years settings to share stories with confidence and enthusiasm and thus support the process of developing lifelong readers.
- To provide practical tips and techniques for methods of story-sharing, including the use of story sacks.
- To enable early years providers to see a wide range of resources for children at different age groups and levels of development.
- To enable early years providers to access a range of books and resources to support children with special needs.
- To identify books which will introduce children to different cultures and life styles.
- To provide early years providers with the confidence and skills to use books and stories with children in a variety of ways.
- To provide practical information about library services for those in early years settings.

Practical Details

Refreshments will be provided.
