Re: Central Area Autism Network - Summer Term Meeting, 2005

Following on from previous terms meetings, this term we are again offering a choice of two dates/venues for the next network meeting. The purpose of this group is to provide a forum for teaching assistants and teachers who are working with children with Autistic Spectrum Disorders. We recognise that staff may value an opportunity, once a term, to share tips and strategies, problem solve challenging issues and receive training in useful techniques.

The focus of the third meeting has been based on a choice represented by a majority of colleagues at the first and second meetings. This will be - 'Understanding behaviour' - strategies and problem solving. Staff can select from one of the following dates, expressing a first and second preference. - we will therefore offer first preferences to the first 25 replies received for each date.

The meetings will be on Tuesday 14th June 2005, at County Hall from 4-6 pm, and Thursday 16th June 2005 at the Greenwood Centre from 10 am - 12 noon. There is no course charge to the school for attendance, although numbers will be limited to the first twenty five replies for each meeting with one staff member per school in the first instance.

I would be grateful if you could make staff in your school, aware of this opportunity and print off and display the poster attached. Please use the reply form on the second attachment to indicate the details of the member of staff who would like to attend by 13th May 2005. Places will be confirmed by phone - please note, staff should not assume their attendance unless they have received this confirmation.

Yours faithfully

Sandra Fisher

on behalf of the Norfolk Autism Support Team members.
