

Holt Hall Field Studies Centre

Christmas in the Environment

Give your pupils a Christmas to remember! Celebrate the festive season while also learning about the winter environment. Relax and eat mince pies by the log fire and huge Christmas Tree in the front hall, or take a stroll in the grounds.

Choose from a wide range of activities all of which can be tailored to your precise requirements. All courses are fully catered and include a full Christmas dinner!

-  Investigate how animals and plants survive the winter
-  Build shelters in the woods or make homes for hibernating insects
-  Traditionally 'trim' the dining room with nature's own decorations
-  Mix Christmas Cake for the birds
-  Create pictures and sculptures in the grounds or 'Green Man' masks from powder paints and clay
-  Produce Christmas cards or crackers from recycled materials or make your own paper!
-  Make Christmas Cookies
-  Investigate trees and discover the origin of the Christmas Tree
-  Visit Cley Visitor Centre and the neighbouring Cley marshes NWT reserve – a haven for wintering birds
-  Experience the woods by night on a guided walk

This special Christmas programme will be running from the 1st to the 19th December 2008 at a cost of £79 per person for a two and a half day course.

For availability and bookings, please contact us as soon as possible by telephone or e-mail.
