

Join us for a Christmas treat. . .

Christmas in the Environment for KS2

Bring your students to stay in this Victorian Mansion and let us do the work!

Learn about the environmental changes at this time of the year.
Relax by the big log fire and huge Christmas Tree.
Eat mince pies and meet Father Christmas himself!
Enjoy a full Christmas Dinner with crackers.

All courses are tailored to your exact requirements and will be educational, seasonal and fun.

Lots of activities to choose from, including:-

- Christmas customs and legends through the ages.
- Make Christmas cake for birds.
- Experience the woods by night on a guided walk.
- Traditionally 'trim' the dining room using nature's own decorations.
- Discover how local wildlife survive the winter.
- Take a bracing environmental walk along the beach.
- Watch for winter birds on the coast and in our new hide.
- Study plants in winter.
- Look at winter weather studies and recording.
- Learn about Victorian life at Holt Hall.

**These activities develop literacy and numeracy skills in students, and the experience of staying in the Hall contributes to their personal and social development.
This is a visit your pupils will remember for the rest of their lives for its fun and 'old world' atmosphere.**

Holt Hall offers this residential course for half-week periods from 30th November to 16th December 2005, for the reduced price of £58.75 per student.

For availability and bookings, please contact us as soon as possible.
