Letter to Headteachers of all Primary and Special Schools

Dear Colleague

### **Circle Time Teacher Support**

I have had many requests from teachers as to how they might make contact with colleagues in other schools to support the sharing and development of good practice around circle time. This is usually linked to their performance management targets/CPD.

I would like to be able to direct teachers to neighbouring schools where there are colleagues with a similar interest. In order to do that I would need to hear from people who would like this kind of information and who would be willing for their names to appear on a list. My intention would be to circulate this to all those whose names appear on the list.

If there are teachers in your school who might be interested I should be grateful if you would ask them to complete the attached form and return it to me at the PDC (or fax to 01603 700236).

I feel that this is an opportunity for good professional development and I would hope, when I have more time, to meet up with those interested to see how we can take it forward. We would need to consult about this to see what teachers need but we would have made a good start by having a group of committed circle time practitioners who will have invaluable experience in the use of circle time in their schools.

Thank you for helping with this (if you feel you can). I look forward to hearing from interested colleagues and would hope to send a list out to schools during the second summer half term.

Yours sincerely

Rosemary Games
