11th May 2006

Dear Subject Leader

Mathematics Subject Leader Cluster Network – Summer Term Meeting

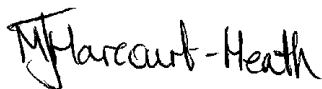

We are pleased to be able to continue with these meetings and we will once again be able to provide **half a day of supply** for follow-up work. Please ensure that you register your attendance on the day.

Each Cluster Network will be supported by a Numeracy Adviser who will provide updates about the Primary Strategy and lead a session looking at 'Observing Mathematics Lessons and Providing Feedback'. You might like to bring your own or your school's observation schedule, although we will have some available to use at the session.

Details of the dates and venues of the meetings follow this letter. Please confirm your attendance by simply clicking on your chosen venue and emailing the host school direct.

If you have any further questions regarding these sessions, please contact me at the Professional Development Centre or by email on the above address. I do hope that you will be able to attend and will find the input both valuable and interesting.

Best wishes

Micky Harcourt-Heath
Primary Strategy Adviser – Mathematics
