

Once again it's that time of year! Your sixth form students considering going into higher education are gathering details of courses and establishments and now they need to know about the new rules regarding funding available to cover tuition fees and living costs.

The Student Support Team are again offering their services to come along to your school from Monday 16th January through to the Friday 3rd March and give presentations providing the most up to date details available to both students and parents.

You will probably be aware that there have been changes to the way that financial assistance is administered and to the assistance available.

In order to ensure that students and parents have all the information regarding the financial assistance they require to make the transfer from school to university/college as smooth as possible we would like extend this offer to everyone.

Our staff are happy to give the presentations either during the school day or in the evenings to enable parents to come along too. The presentation, with an opportunity to ask individual questions at the end, should take no more than an hour. A shorter time scale does mean that it is not possible to provide all the information required so we recommend that at least an hour be set aside.

If you would be interested in this service please contact Sharon Jay no later than Friday 15th December on 01603 222439 or email sharon.jay@norfolk.gov.uk.
