

Environmental awareness course for school caretakers and site managers

To help Norfolk businesses, including school caretakers and site managers, keep up to date with best practice and environmental obligations, Eastex Materials Exchange in partnership with Norfolk County Council is offering the opportunity to access subsidised training in environmental awareness.

We have secured funding to provide a subsidy of over 50% for 28 places on a certificated environmental awareness course delivered by the Chartered Institute of Environmental Health. So you only pay £49 for a training course worth over £100.

The 1 day course is being run on two dates - 4 Feb and 12 March 2009 and places will be allocated on a first come first served basis.

For more information and booking form please go to:

Brief Course Overview

CIEH Environmental Awareness Certificate delivers knowledge and understanding of the key concepts involved in environmental awareness for employees at all levels.

The need for businesses to address environmental issues has never been greater. Tendering requirements, changing needs of lenders and investors and increasing legislation are forcing businesses to address their environmental performance. This qualification has been designed for middle managers and supervisors who have responsibility for decision-making, managing budgets, allocating tasks and meeting performance targets.

Outline programme

The qualification covers the following topics:

- Environmental issues
- Pollution
- Business and the environment
- Energy and water
- Waste management
- Transport
- Environmental law
- Environmental management
