Course Context/Audience:

This briefing is for Headteachers and will focus on the next steps in meeting both the national and Norfolk agendas for the continued improvement of primary schools.

Aims will include:

- * an overview of national priorities for 2007-2008;
- * an overview of the Norfolk priorities and our response to national imperatives;
- * support for schools through the Primary National Strategy and further funding;
- * Norfolk developments in tracking pupil progress.

Whilst support to schools will continue through a banding system, a process of consultation with schools will enable headteachers to identify their key improvement priorities and request specific funded support programmes. This meeting will be central to understanding the possibilities for accessing funding, training and support for 2007 and 2008.
