| 05/11/2007 | 13:30 - 16:30 | Hethel Engineering Centre | EPLC4       | A          |

### Course Context/Audience:

This meeting is an opportunity for Norfolk Primary Phase schools to find out more about, and become part of, an exciting QCA/Norfolk LA co-development project.

Speaker: Dr Brian Male - Principal Consultant QCA

Following the stimulating and highly engaging presentations by Mick Waters, QCA Director of Curriculum and Dr Brian Male, QCA Principal Consultant, at the New Landscapes for Learning conferences over the past eighteen months, we are launching this new project which will provide:

- Guidance and support for developing a distinctive, successful curriculum;
- Opportunities to learn from the best practice in Norfolk and other QCA co-development projects across the country;
- A chance to contribute to the national debate about how best to design curricula which will lead to successful, confident learners and responsible citizens.

This meeting will outline how the QCA and LA will support school-based development projects. Some of the themes to be explored will be:

- Designing a language rich curriculum;
- Extending the Foundation Stage curriculum into Key Stage 1 and Key Stage 2;
- Progression in personal learning and thinking skills;
- Making the most of the indoor/outdoor curriculum.

**Audience: Headteacher and SMT**

**There is no charge for this event, so places are limited to one per school.**

To reserve your place, please email stating name of school and delegate name to:  
elizabeth.philpot@norfolk.gov.uk
