

## **Putting the World into World Class Education**

**Norwich PDC (Hall)**

**Monday 28 November 2005**

**4.30- 6.30pm**

An opportunity during International Education Week for headteachers, teachers, and governors to hear about ways in which an international dimension can raise standards, staff morale and cultural awareness.

### **Objectives:**

- To raise the profile of the government's international strategy ***"Putting the World into World Class Education."***
- To raise awareness of the Global Gateway and the International School Award and other British Council initiatives.
- To disseminate information about existing strategic international links at Norfolk County Council level.
- To share experiences of Norfolk schools currently engaged in international projects.
- To encourage schools to adopt an international dimension as a means of enriching the curriculum.

### **Speakers to Include:**

Fred Corbett, Deputy Director of Children's Services  
Alison Cunningham, Education Officer, Children's Services  
Norfolk teachers involved in International projects
