

INSET

NEW for Norfolk Nursery and YR Practitioners

WORKING TOWARDS THE FOUNDATION STAGE PROFILE

A joint training opportunity for schools and private and voluntary preschool settings.

The new National Foundation Stage Profile will be introduced during the academic year 2002/03. This will be a record of each child's achievements at the end of the Foundation Stage.

Teachers will complete the Profiles. However, the records and evidence collected throughout the Foundation Stage should contribute to the Profile.

These sessions will provide opportunities for schools and settings to work together, in collecting information and passing on records with parental permission. It will also be an opportunity for schools and settings to meet the team of newly appointed Link Teachers.
