Performance Management . The Review of the Headteacher's Performance

Three years after its implementation the process of Performance Management may be firmly embedded in your school, but the review of the headteacher's performance is an area about which many governors, both new and experienced, are apprehensive.

If you need a 'refresher' course, or are a newly appointed member of the performance management panel of governors, this revised session will provide the help you need to understand, and become involved with, this statutory, but sensitive, governor responsibility.

Refreshments will be provided.
Course Leader: Sue Platt

Cost: £57.00 No charge to schools subscribing to GSS package.
