

Helen has been appointed to a new post in the London Borough of Waltham Forest, as the Head of Educational Psychology and Behaviour and will be leaving Norfolk at the end of May.

She was appointed to Norfolk's Pupil Access and Support Service as Behaviour and Attendance Manager in early 2004. Since that time, she has been extensively involved in service improvement, development and in preparing for the new area-based structure.

Children's Services Management Team would like to thank Helen for her significant contribution towards the achievement of better outcomes for some of Norfolk's most vulnerable children and wish her well in her new role.

Until the new Children's Services structure within the areas is fully in place, the existing system of behaviour and attendance teams will continue to operate unaltered. On an interim basis, Richard Potts will, as the Head of Pupil Access and Support Service, assume some of Helen's responsibilities, overseeing the work of the current area teams.

Lisa Christensen
Director of Children's Services
