Dear Headteacher

**Re: Transforming School Meals Funding
Additional briefing session for schools**

Monday 27th February 2006, 4.30-6.15 pm, Norwich PDC

You recently received a letter explaining that the additional sum of money in your December Standards Fund was to support schools in their work to encourage and enable children and young people to eat more healthily.

In response to demand we have arranged an additional session for schools that were unable to attend the earlier briefings. This is open to **all** schools.

The purpose of the briefing:

- To explain the background to this funding.
- To explain how this work will be taken forward in Norfolk.
- To offer guidance to schools about how to use this additional funding to develop a range of activities to support the work that will be organised centrally

Attached is a reply slip, which should be returned by February 20th. Please note that we can only accommodate one delegate per school and that confirmation letters will not be sent out. Electronic booking is NOT possible for this event.

Yours sincerely

Sue Astbury
Health Promotion Worker

Healthy Schools

Transforming School Meals – additional funding for your school

Briefing Session

I would like to attend the session on 27 FEBRUARY, 4.30 pm, NORWICH PDC :

Name of School:

**Name of person attending:
(One delegate per school)**
