High Schools

Dear Colleague

Motion Coach and ICT in PE

We have been working with Motion Coach for nearly two years now and have developed innovative products with the company. Currently a fifth of the high schools in Norfolk have and use the Motion Coach software and we are keen to encourage all high schools to access this exciting tool to enhance learning.

To help we have negotiated with the company a Norfolk only package. This consists of:

- £450 for the first teacher's licence (£200 per subsequent licence)
- Free Inset to support staff competence/confidence through NCC
- Access to ongoing support
- Video footage gallery to "get you started"
- ICT in PE CPD module for staff

All this is available for only £450 for one teacher licence, £200 per subsequent licence, which can be accessed by using your schools **E-learning credits**. All schools need to do to take full advantage of this localised package is to place an order for the software before 20 July. Motion Coach will be at the Secondary PE Conference on 7 July at Barnham Broom so colleagues can see more about the product on this date.

Continued /.....

There will also be a two-hour hands-on workshop opportunity to see and try out Motion Coach for yourself on 11 July at Earlham High School in Norwich. Attendance at this session will be prioritised for those who have ordered the software. If you would like to attend this **free** workshop then simply complete the attached slip and return to me as soon as possible (but no later than 6 July). We will try and match your preference for am or pm but this is dependent on availability and schools committing to the software through their e-learning credits. If you are unaware of Motion Coach then please visit their website at <http://www.motioncoach.com/education/>

I very much hope that you can see the full potential of the use of ICT in PE and will be able to take this opportunity to get Motion Coach into your school. Should you have any queries then please do not hesitate to contact me.

Yours sincerely

Martin Radmore
County Adviser for Sport and PE
