

# STAFF NOTICE BOARD

## INSET OPPORTUNITIES

Visit our new INSET Opportunities web site where you can search through our extensive list of activities and book your place on-line.

<http://advisoryservice.norfolk.gov.uk/inset>

This service is the most expedient way to make a booking for training or request advice and support. Why risk missing your place on that ideal training activity when you can secure it immediately with just a few clicks of your mouse?

The web site also enables you to view a full list of your school's attendances at INSET activities for the current year, both past activities and those still to come. You may also view a list of your fellow delegates on any of these activities.

Access to the site is open to all. Booking a place or viewing existing bookings requires that you use the unique identification number (PIN) that will have been issued to the school's headteacher.
