
Pastoral Care Development Twilights

Course Context/Audience:

The need for good pastoral support is highlighted very specifically in the Healthy Schools criteria for Emotional Health & Well-being. This is integral to the Every Child Matters outcomes for children and young people.

We are running 4 twilights which will focus on Pastoral Care Development. These opportunities are available to support those with a pastoral support role in primary schools. All sessions will be held at the Norwich Professional Development Centre on specified dates.

Please complete and return the booking form attached for any of these twilights that you would like to attend. There is no cost for these training sessions as they support the work of schools who have signed up to the Healthy Schools Programme. If you apply and find that you cannot attend we would require at least 2 weeks notice to decide if the twilight can go ahead.
