

# Calling all Key Stage 3 Mathematics Teachers.

**Want to keep up to date and share resources?**

**Then come along to your Key Stage 3 Network Meetings.**

**They are aimed at any teacher, specialist or non-specialist,  
working with Key Stage 3 classes.**

**There is no need to book a place,  
just turn up to a meeting convenient for you.**

Date	Time	Venue
21/01/03	4.30-6.00	Lynn Grove High School, Gorleston
21/01/03	4.30-6.00	North Walsham High School
22/01/03	4.30-6.00	Fakenham High
22/01/03	4.30-6.00	Long Stratton High School

## **Minutes from Autumn Term Key Stage 3 Network Meetings**

### **Using Key Stage 3 results**

Use of Essex Disc was discussed at all meetings. It was felt to be a useful tool to assist curriculum planning. As it arrived later that expected some schools were not going to use it with the whole cohort. Other schools were going to use it to analyse their mock papers.

### **Planning transition**

Transition ideas/activities were shared. Local issues regarding transition were discussed and ways forward presented. Some schools had used the transition units and their experiences were shared.

### **Numeracy Across the Curriculum**

This was well received as useful support. Sample policy documents were available for discussion.

### **Other items discussed**

- Staffing problems
- Sharing of resources
- Duplicating materials
