# Competition to design a Recycle Your Mobile Bag

## ***Calling all budding environmentally friendly artists...***

As you may already be aware Norfolk County Council have been running a scheme through Norfolk Schools to raise awareness of recycling mobile phones. So far this scheme has raised over £20,000 pounds and diverted well over 1 tonne of waste from landfill.

The benefits of recycling mobile phones are:-

- ***You will reduce the amount of waste that goes into landfill***
- ***You will help people in developing countries with their communication systems***
- ***You will raise money for you school***

## ***How to enter the competition***

To enter the competition all you need to do is photocopy the template on the back of this sheet and ask your pupils to draw a picture, that fits into the template, which will encourage people to recycle their mobile phones.

The closing date for entries is Friday the 9<sup>th</sup> February. The winner will be judged over the half term holidays, there will be three winning categories Key Stage 1, Key Stage 2 and Key Stage 3. All three winners will receive individual prizes and the overall winning design will be printed on 100,000 mobile phones bags which will be distributed throughout Norfolk Schools, libraries and public places after Easter. The overall winning school will also receive a picnic table made from recycled plastic.

Please write pupils name, age and school on the back of each entry and send your entries to:-
