schemes of work, projects etc

To read the minutes of the last meeting go to  
Norfolk esinet site> Arts>Naden

## NEWSLETTER FOR SCHOOLS

### SHARING GOOD PRACTICE

A new page on the Arts section of Norfolk Esinet site will publish examples of good arts practice going on in Norfolk schools. Information on this will be arriving in school from the LEA next term. Meanwhile, if you have written up an art and design project which was a great success, and you have any supporting written documentation along with digital images to exhibit, please send them to me and I will launch them now on the new 'GOOD PRACTICE' page as part of my Advanced Skills Teacher work with the LEA. A helpful addition would be what the children themselves have to say about the work – just a quote or two will do.
