## Summer Conference 2008

### Guest speakers

#### *Galton Blackiston*

*Galton was very sorry to have to make a late cancellation last year and is welcoming the lucky 26 into his kitchen to see the real McCoy. He has been involved with food for several years and has regularly appeared on TV (a late call to a TV studio was why he had to cancel last time). Galton has been involved with encouraging Norfolk children to be enthused about food and he will be sharing some of his experiences as well as demonstrating in his kitchen.*

#### *Professor John Sharp*

*Is joining us from Bishop Grosseteste College in Lincoln where he has been involved in Science education as a researcher and teacher. He will be sharing his experiences of astronomy with children using his customary enthusiasm and humour.*
