

The Power of the Number Line

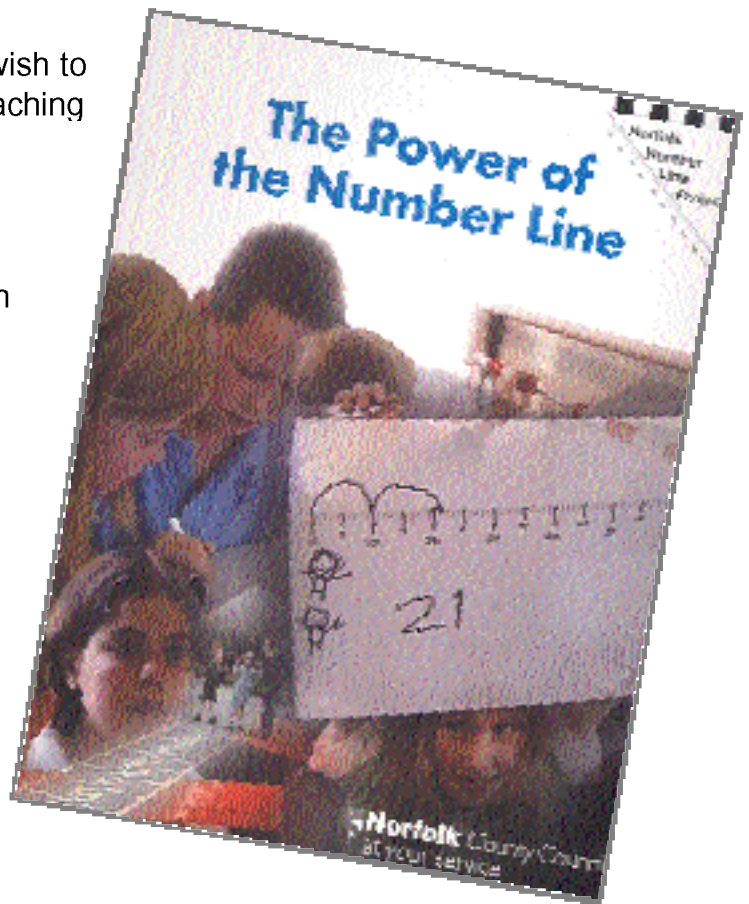

A comprehensive resource for schools who wish to develop mathematical modelling ideas for teaching and learning calculation strategies.

The guidance provides practical support for practitioners on appropriate ways to use and develop number lines in mathematics for both KS1 and KS2.

File includes:

- INSET session
- number line activities
- progression charts
- parents workshop
- ICT and video material
- number line resources

The pack also includes a video and a CD Rom with 10 number line games.

Special offer only for Norfolk schools due to additional copies being available

File, video, CD all for £20
