

Positive Development in Your School

Friday, 20th March, 2009, 09.00 to 15.30
Barford Suite, Barnham Broom Hotel

Do you want to:

- Further develop your understanding of national and local initiatives and how they join up?
- Look at the revised TDA School Improvement Planning Framework?
- Use tools from 'The Little Book of Managing Change' in looking at real challenges in your school?
- Look at effective staff deployment and what this means?
- Develop an understanding of the Greenhouse school concept in 'growing your own staff'?

This event would be particularly suitable for headteachers, deputy and assistant headteachers, members of school/cluster senior leadership teams, middle managers and school business managers.

quotes
from last
year's
event.....**

**Excellent session –
variety and quality of
activities. Small groups
enabled us to work
through models in detail.**

**An enjoyable and
excellent day, I
have so many
ideas/resources to
apply to my school
context/situation.**

**Very useful tools –
interesting to
explore what works
after the event.**

**One of the best
day's training I
have been
involved in.**
