Environmental Education Services present

Creative Approaches to Sustainability

A Teacher's Resource

www.artsustains.norfolk.gov.uk

This pilot teacher training session demonstrates an innovative and inclusive approach to understanding sustainability and developing an awareness of the Global Dimension.

Grassroots, Theatre for Development Group from Zimbabwe employed Forum Theatre as a means of illustrating an inspiring method of creating behavioural change to support sustainable living.

"We aim to encourage the development of learner *participants*, not learner *consumers*."

Funded by the East Anglian Development Education Network, this website provides ideas and feedback to inform your practice, plus vital links and resources.
