**To: Headteachers of Central Area schools**

Dear Colleague

### **Review of School Organisation**

Before half term you received a letter from Bryan Slater informing you of the name of your lead officer for the review. By now I hope that you will have met or have arranged to meet to discuss the possible outcomes of review in your area. We would like to give you and your chair of governors some feedback on the possible options that are emerging for the review across the wider area.

In order to provide an opportunity for this to happen, we are organising a series of three conferences for the end of this term and hope that you and your chair of governors will be able to join us at the appropriate meeting for your cluster. If this is a problem for either of you, I hope that you will be able to ensure that you can both be represented.

During the meeting we will:

- Share emerging thoughts about review of school organisation in Norwich
- Pick up any specific issues of interest – for example pupil number forecasting
- Consider the emerging community, child care and early years issues
- Provide an opportunity for cluster group discussion
- Inform you about the next steps in the review process

To facilitate discussion, we have organised three meetings on a cluster basis and have tried to find appropriate venues. Location maps are attached.

9.30 – 12.45 (lunch provided)**

**Wensum Valley Hotel Golf & County Club, Beech Avenue, Taverham, Norwich  
Tel (01603) 261012**

Taverham benefits from excellent road communications, being a short drive from the A47 Norwich Southern bypass linking the Midlands with Gt Yarmouth and being fed from the A11 from London's M25/M11 and the new A14. Norwich Railway station is 7 miles away, while Norwich Airport is ten minutes by car.

From Norwich take the A1067 Fakenham Road. After entering Taverham, Beech Avenue is the third left, after the Jet garage.

From the A47 southern bypass follow the sign to Swaffham. At the end of the bypass you will approach a roundabout. Take the 3rd exit to Ringland. You will then come to a T-junction, turn left, follow the road to another T-junction, turn left again, follow the road round and over a bridge. Take first turning left after the bridge. We are 100 yards on the left.
