

The European Safety Week 2006

23 - 27 October 2006

Good Practice Awards

We would encourage schools to apply for these awards that highlight the safety of young people at work.

The 2006 award scheme will recognise organisations, including schools, colleges and training providers, that have made outstanding and innovative contributions **to ensure that young people make a safe start in their working lives and that risk awareness and prevention is promoted in enterprises, schools and colleges.**

The awards will provide those selected with European recognition for their role in improving working conditions in Europe. In addition:

- Representatives of the selected companies/organisations will be invited to the European Week for Safety and Health at Work 2006 closing event and Award Ceremony for the European Good Practice Awards in Bilbao in Spain.
- The examples will be published in an Agency booklet to be widely distributed across Europe and presented on the Agency's website.

Go to <http://www.hse.gov.uk/campaigns/euroweek/goodpractice.htm> for more information, activities and the Application form.

Closing date for United Kingdom entries: 15/09/2006
