Special Needs Norfolk Conference and Exhibition 2005

Dear Colleagues/visitors

Welcome!

There is much to celebrate at this, the 10th anniversary of our annual SEN Conference and Exhibition, but our first as a united Children's Service. We extend a warm welcome to our many exhibitors, speakers and visitors from neighbouring counties.

This year, we have planned a stimulating programme designed to address current issues within the Special or Additional Needs sector. The day promotes Norfolk and representatives from the professional services and the voluntary organisations who are here to help you achieve your aspirations for every child in our county.

The event has become a 'must' for many of you and we are delighted you share our enthusiasm for promoting and championing the range of support for children with special or additional needs. Hence the celebration of the event today.

This promises to be an excellent day, and we thank you for your continued support.

Best wishes

Lisa Christensen,
Director of Children's Services
