To: Headteacher  
Head of PE/PE Co-ordinator  
All Norfolk Schools

Dear Colleague

### **Sports Development Changes**

For those of you who are not already aware, the County Sports Development Office has relocated from County Hall to the above address.

We are now fully electronic and a new telephone system has been installed. As this is a small office we do not have a personal telephone switchboard operator but instead a very efficient voicemail system which has remote access. Therefore, in the event that the voicemail answers your call, please leave a message and we can then get back to you regardless of our whereabouts. This applies to all staff within the unit (telephone numbers are attached).

Continued/.....

The contribution that sport can make to social, educational, cultural, environmental and economic life; the physical activity and health benefits, has been recognised through Government Strategies. At a County level, this is reflected in the County Sports Development Plan, which we are now seeking to deliver through partnerships and a co-ordinated approach across the County. To enable us to continue our work towards achieving this, we are providing office accommodation and hosting a number of posts, namely:

- Jenny Day, ECB Women's Club Cricket Development Officer/East Anglia.
- James Eason, Norfolk Sports Alliance Manager.
- Jane Hannah, Norfolk Active Sports Development Officer.
- Sue Pennington, Administration, Communication and Information Officer.

Details of the Norfolk Sports Alliance, Active Sport Partnership, has recently been sent to Junior, Primary, Middle, High and Special Schools together with a newsletter. (If you have not received a copy, please telephone Sue Pennington, 01603 727885). The Partnership activities are designed for eight years of age and upwards (with the exception of tennis which applies from seven years of age).

- External funding has been sought and approved for five years to cover the post of Norfolk Disability Sport Co-ordinator. This post will be advertised in the near future and will also be based at Turner Road.

If you would like a copy of the Norfolk County Council Sports Development Strategy please contact Debbie Barr, Admin Assistant, (01603) 727882, email [debbie.barr@norfolk.gov.uk](mailto:debbie.barr@norfolk.gov.uk)

Yours sincerely

Liz Delany  
County Sports Development Officer
