Dear Sir/Madam,

I am a County Liaison Officer for Norfolk County Childminding Association and currently working with the Early Years Development & Childcare Partnership. We're working in line with the National Childcare Strategy, with the purpose to promote and recruit Registered Childminding as a career opportunity.

Our planned recruitment activities include informing Parents and Carers of the opportunities open to them within Registering as a Childminder and we would appreciate your help of displaying the enclosed poster advising of the local Childminder Information Sessions that have been planned by the Early Years Development & Childcare Partnership in your area.

You are a key part of the community and we hope that working in partnership, we can promote Quality standards and Registered childcare for children in your area.

Yours sincerely,

Sarah Mutch
