Broads Area Transport Strategy Consultation

Norfolk County Council is currently carrying out consultation on transport-related problems and issues around the Broads with a view to developing a transportation strategy for the Broads area. A consultation report and questionnaire has been produced and three workshops have been organised to discuss issues in more detail. The aim of this consultation exercise is to ensure that all the transport-related problems and issues have been considered, and priority areas for action have been identified.

If you would like a copy of the consultation material or further details about the workshops please contact Natalie Beal on 01603 224200 (or <mailto:natalie.beal@norfolk.gov.uk>). The consultation closes on **20 August 2004**.
