
A Practical Insight into the Risk Management of Trees for Outdoor Learning

Date	Time	Venue	Reference
24/04/2007	09:15 - 16:00	Holt Hall Field Study Centre	ECNA1 A

Course Context/Audience:

A one-day course for those utilising their own or other wooded areas for outdoor learning or for those responsible for maintaining school grounds. Links well with 'Forest Schools'.

Objectives:

By the end of the session delegates will:

- understand the legal framework for which they have a duty for tree maintenance
- be able to practically identify hazards associated with a woodland environment
- feel confident to undertake a basic riskassessment for working with young people in wooded areas
- understand basic tree biology
- be able to undertake longer term financial management for the development, maintenance and improvement of woodland areas
- have an overview of how woodland areas can provide inspiring outdoor learning for young people.

Course Leader/s: Susan Falch-Lovesey, Head of Environmental and Outdoor Learning
Nicola Richardson, Grounds Advisor, NCS.

Phase: All schools

Fee: £130.00
