

Welcoming the Community - overcoming concerns when extending the use of school sport and physical activity facilities

Extended Services offer a variety of possibilities to schools that help you to address the needs of your wider community, however often this highlights concerns and questions regarding the community access element of the Extended Schools core offer. The accompanying booklet was designed to provide support to schools across Norfolk that are thinking about Welcoming the Community into their school by widening access to their sport and physical activity facilities.

A number of shared concerns regarding community access exist amongst schools and the booklet addresses these with accompanying tips. It is hoped that if you are encountering any of these barriers that some of the suggestions will help you to overcome these, or to at least consider the range of possibilities available to your school when extending the use of your sports facilities.

A hard copy of this document will be posted to schools shortly.
