

**ENVIROMENTAL DAY WITH
HAWKSHEAD ENGLISH SCHOOL OF FALCONRY**

**EST. 30 YEARS
01526 861806**

Dear **H**eadteacher,

Would you like an environmental day at your school with our birds of prey? For a small booking fee of £40.00, which helps towards our travelling expenses and is payable on arrival at school.

We will come to your school for the day with our Hawks, Owls and Falcons, (all of which are very tame) and give a flying display and an informed talk. We feel and also hope that our presentation leads to a more enlighten attitude towards our native birds of prey and the environment in which they live.

Our talk can be adapted to cater for children of all age groups, schools we have visited over the years have found our environment days with our birds of prey are excellent starting point for lots of interesting project work. We also cover many topics that fall in with the national curriculum. This is a unique opportunity for children and teachers alike to see and learn more about these beautiful birds and the environment they live in.

We have been established for many years and have many letters of recommendation from teachers and children recommending our displays.

So if you are one the many schools that we have revisited over the years on a regular basics or if this is your first visit from us we are certain you and your pupils will still find it very rewarding and a unforgettable experience. So how to reserve a day or morning for your school, or for more information on our environment day or to discuss your schools needs please phone the above number or email walkerc@btconnect.com or see our website at home.btconnect.com/hawkshead-falcon

Yours Sincerely

Phillip & Carol
