## THE SPLATS ACTIVITY DAYS

Thousands of pupils of all ages have enjoyed a Splats Activity Day where teamwork and confidence are developed with an emphasis on fun and education. With over ten years experience Splats are the experts in producing challenging workshops that leave everyone involved with a great sense of achievement.

With our large team of expert teachers you can be sure that every aspect of the day will be taken care of.

### WHAT HAPPENS NEXT

#### BEFORE THE DAY

On booking we will send you a pack containing all you need to organise the workshop. This includes preparation material and task sheets for the day (where relevant), a timetable for the classes and information on how to purchase any of the Splats equipment.

#### ON THE DAY

The day begins with a fun introductory assembly for the pupils. After the assembly the days are then split up into workshops. Depending on the age of your pupils we can teach 4 to 5 classes of up to 35 pupils in each class. This is with the exception of Make a Play which is only for 4 classes and film workshops which are for a maximum of 35 in one day.

#### SPLATS SHOP

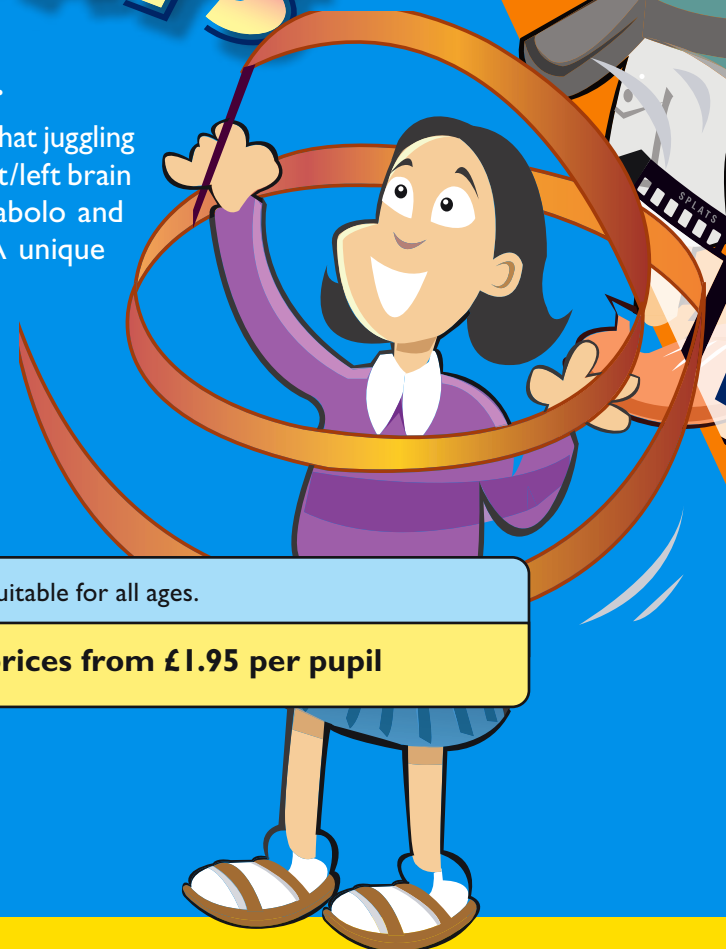

One of the great things about having a Splats day is that the benefits do not stop when our teacher goes home. We have a wide variety of equipment, books and videos available which can be ordered by the school or pupils to help your staff and pupils carry on the learning process.
