

Radio Broadland Black Thunder School Disco

Calling all Norfolk and North Suffolk Schools. You can win an end of term School Disco with the Radio Broadland Black Thunder team.

At the end of every school term Radio Broadland will send a team of their Black Thunder staff to one school in our area. They will arrive in a Black Thunder vehicle complete with their own PA equipment, hundreds of your favourite CD's, prizes and a team to get everyone dancing and having fun.

To get your school in the Disco Draw all you have to do is raise some money for the station's new charity appeal RadioBroadlandKidz. It doesn't have to be hundreds of £'s, as every £1 helps. The money raised will be donated to local children's charities in Norfolk and north Suffolk.

But the more money you raise the more times we will enter your school's name into the draw to increase your chances of winning, one entry for every £50 raised. E.g.

raising £1 - £50 = 1 entry into the Disco Draw

raising £51- £100 = 2 entries into the Draw.

Raising £100 - £150 = 3 entries

At the end of every school term in 2006 one lucky school will be chosen for a Black Thunder End of Term Disco. All schools raising money will be credited on the air and on our website.

What's more, we will come and collect the money you raise for our charity and take a photo of you all, which we will put onto our website. Unusual fundraising ideas might be included on our news and if you let us know what you are doing we can publicise your event on our website.

Ideas for raising money

1. A non uniform day – get everyone in your school to wear, either their own clothes or choose a colour or a theme, and ask everyone for a 50p donation.
2. Have a cake stall
3. Hold a car boot sale in the playground on a Saturday
4. Take a sponsored walk around your area, 24 hour marathons, swimathon etc
5. Sponsored silence – great in class!
6. Persuade your teachers to sell themselves as slaves for a day/hour and get the school council to auction them all – great when they do all your homework for you!
7. Get teachers dressing up as children and children as teachers!
8. Perhaps teams of students could go out in their community offering themselves as gardeners, cleaners, babysitters etc
9. Draw a shape in the playground and invite students to bring in enough silver to fill it
10. There are loads of ideas, If you successfully try something else we will add it to our list
