

## East of England Construction Training Group

Horatio House, 80 Southtown Road, Great Yarmouth, NR31 0JR

Tel: 01493 442299 Fax: 01493 440051

Email: [eectg@construction-training.com](mailto:eectg@construction-training.com)

21 March 2006

Dears Sirs

### *Invitation*

I have pleasure in inviting you to the next meeting of the East of England Construction Training Group

*On Wednesday, 26 April 2006*

*At The Grange Hotel, Thurston (near Bury St Edmunds)*

(a map, showing the location of the venue is attached)

*From 2pm to 4pm*

With guest speakers:-

Colin Pearson – President of the Institute of Clerk of Works

Ray Sharp of CITB – Programme Led Pathways

The group first met in February 2005 and since then has grown and developed with new and continued support from local companies. We are an independently audited, non profit making organisation, supported by CITB and formed to offer its members many benefits connected to the construction industry and primarily, construction training. Further information on the Group and its benefits can be found at [www.eectg.com](http://www.eectg.com).

At the meeting you will have the opportunity to network with other companies in and related to the construction industry. The Group's training plan for April to June will be made available and you will have the chance to request and discuss training needs. (Forthcoming training that still have spaces available, are also included with this invitation.) Refreshments will be provided throughout the meeting.

It is vitally important your company is represented at this meeting, or shows support to the group, because as a large collective, we have a voice in our industry that can influence construction training legislation and qualification. Furthermore if you know of any one who you feel would benefit to or from the group, you are most welcome to invite them along with you. Please use the attached slip or contact us by phone, fax or email to indicate whether a company representative will be attending.

Yours faithfully

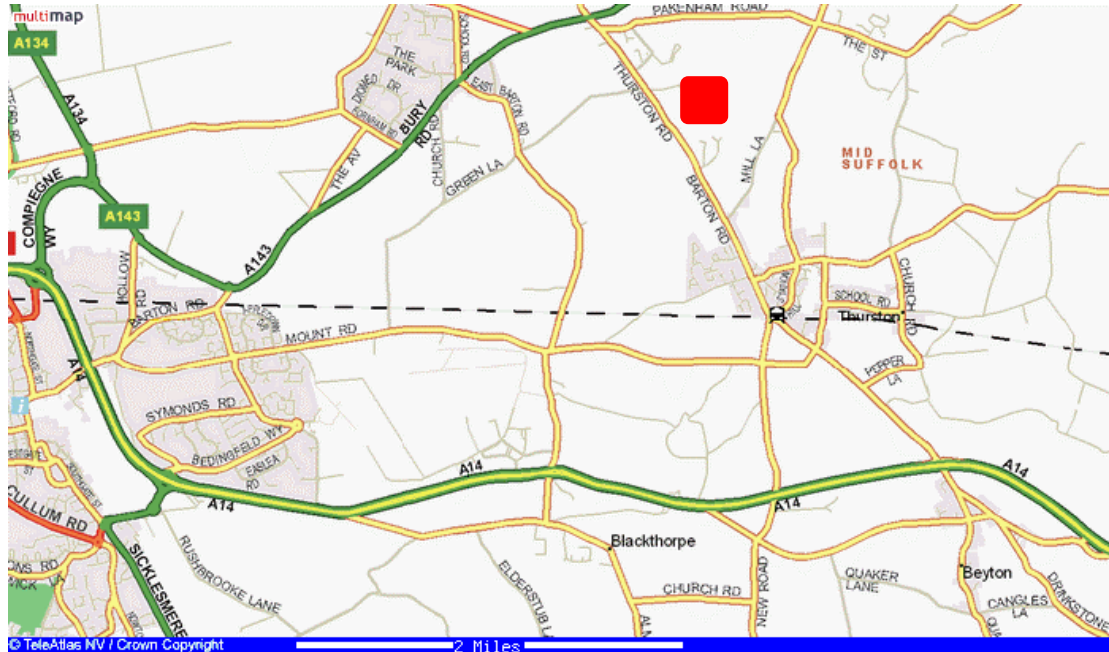

Gaynor Read

East of England Construction Training Group Co-ordinator
