

FAO: Head of History

From: Joshua Patient, Pupil & Production Co-ordinator

Release of Framingham Earl High Schools GCSE History Revision DVD.

"Made and produced by the students of Framingham Earl High School, this two disc revision DVD explores the development of Medicine Through Time. This DVD provides students of all exam syllabuses with the ideal revision guide for their GCSE history exam." - Back Cover

Year 10 students at Framingham Earl High School, have put together a DVD about 'Medicine Through Time'. This is a topic which has to be covered for the GCSE History Exam.

"As a pupil, I have found that throughout doing this fun activity, not only have i been left with a fantastic DVD but have learnt more about Medicine Through Time." - Nathan Wilson - Pupil

The DVD has been professionally edited by Tricxs Flicxs Productions, and the school has purchased numerous copies of this DVD. We would like to give your school the opportunity to purchase this DVD at a fantastic price of just £9.50. Discounts will be made for bulk orders.

What does the DVD include:

The double disc DVD unit includes exam style questions & answers, exam tips, key factors in medicine & key individuals in medicine. Also included is the main DVD which takes you from prehistoric medicine all the way to the medicine of the industrial revolution. This DVD could really make a difference between a level D & C. It provides an excellent resource that will save you time. Stick it in your DVD player, sit back and take notes.

How to Order:

Please contact Mr Jolly at Framingham Earl High School during school hours on (01508) 492 547.

We do hope you will consider offering your GCSE History students the opportunity to purchase this DVD or alternatively order a bulk bundle to sell in future GCSE years.

"This DVD has proved a great success in not only providing an excellent revision based DVD but, introducing new methods of fun teaching and learning." Gavin Jolly - History Teacher
