Headteachers of Norfolk Schools

10th July 2006

Dear Colleague

My hope is to contact

- Retired headteachers (if you know one perhaps you could pass this to them);
- Headteachers who are about to retire (probably quite a few!)
- Those who will hope to retire in the near future (will that open the floodgates?)

This Association was established to provide a point of contact and sociability for those with the time to appreciate it. Members find many common points of interest and education is rarely if ever discussed!

There are normally four trips a year, with the benefits of group booking. Examples are:-

- Visit to Cambridge, including evensong at King's College.
- Trip to Greenwich, with a multitude of exhibitions available.
- A day at Hampton Court.
- Tour of behind the scenes at Covent Garden.
- A day at Sutton Hoo..
- Tour of the old Norwich Hospital.
- Visit to Kew and the Dale Chihuly glass sculptures.
- Visit to the Time and Tide Museum.
- Etc.

Despite the low charges, we are always able to donate money to charities.

Members receive information about all trips and activities. Membership only means sending £5 (cheques to 'NRHTA') to the Treasurer. While most will have worked in Norfolk, those who have worked elsewhere but retired to Norfolk are also welcome.

My greetings to all those I have known in harness. My best wishes to them and those newer in post. I hope that this letter will bring benefit to you or someone you know.

Yours sincerely

David Osborne
