"fantastic CD's packed with lively and original music, ideal for Dance education in schools"

- Martin Radmore, Head of PE, Sport and Physical Development, Norfolk County Council, UK

Dance Notes is the choice of school teachers and dance practitioners throughout the UK, enabling them to effectively and easily deliver dance within the PE curriculum. Comprising five audio CDs, plus an online library of free-to-download lesson plans (for Key Stages 1 and 2), Dance Notes is *the* solution to your dance-teaching needs.

More than 60 original music tracks...

Each CD is packed with curriculum-based ideas and themes for your teaching. Gently warm up to the sound of flutes and strings, explore expressive movement to abstract soundscapes, then really get dancing to lively drum beats and ethnic percussion.

With over 60 original tracks, covering everything from mediaeval courtly dance to African chanting, you'll never be short of ideas and inspiration for your teaching. You can't afford to waste valuable hours searching for suitable music for your classes, so this small investment will repay itself many times over.

Tried and trusted...

Teachers up and down the country enjoy using Dance Notes to motivate their pupils and stimulate their lessons. Here's what a few of them have to say:

To help you get the best use from the music CDs, on receipt of your Dance Notes order you will be able to download from an expanding library of free lesson plans. Each is tailored to meet a particular area of the dance curriculum and written to accompany a selected track from the CD set.
