

EAST OF ENGLAND REGIONAL TRAINING NETWORK

Invites you to attend a conference to explore

GLOBAL CITIZENSHIP
through links with developing countries

on

FRIDAY JULY 12th 2002

at

Thetford United Reformed Church, Norfolk

The Global perspective can make an important contribution to the development of pupils as global citizens. This is recognised in the most recent version of the National Curriculum, which includes references to local, national and global levels in the two aims of the school curriculum. This prepares pupils to live their lives in a global society.

The conference will explore ways in which first hand experiences can be embedded in the curriculum and the wider life of school. Case studies from Special, Primary and Secondary Schools will demonstrate the wide variety of ways this can be achieved.

This event is **FREE OF CHARGE**
