

eco friendly art project

Free personalised card for every pupil in your school

We are looking for schools to join us in creating art, based upon the theme
‘preserving nature’

Your pupils would each create a piece of artwork that promotes the positive effects of taking care of our environment. We will then turn each one into a personalised art card, printed on FSC certified card for them to keep. Parents are given the opportunity to buy more should they wish. **It’s completely free for your school to take part** and for every sale made you will receive 10% commission for your school.

NO COST to your school

Free card for EVERY pupil printed on environmentally friendly stock

Cross Curricular

Equality - NO age or ability restrictions

Increases SELF ESTEEM and confidence

Raises the PROFILE OF ARTS in school

Ties in brilliantly with school art EXHIBITIONS

Call us on **0845 450 0843** to book your project or to ask any questions you may have
