

Bishops in Action

www.bishopsinaction.com is now live and awaiting visits from teachers and children particularly in Key Stage 2 classes. Prepared in advance of the ten-yearly meeting of the 800 Anglican bishops across the world, known as the Lambeth Conference, it presents an opportunity to look at Christianity through both local and international eyes.

The website contains materials on PowerPoint for children to investigate and a set of teachers' resources including 5 assemblies (Collective Worship), photo galleries and a St Nicholas project. The site is still being built and future possibilities include much more material on Desmond Tutu which will prove helpful for the KS2 programme of study in RE when looking at Beliefs in Action, for example.

Please see the below poster as well as visiting the website.

Bishops in Action

May 2008

In July 2008 bishops of the Anglican church from across the world meet at the Lambeth conference. At this event, held every ten years, bishops discuss issues which concern the church and pray together.

The 'Bishops in Action' website:

- ❖ contains material for Religious Education, particularly at KS2
- ❖ includes photos, posters and fact files about bishops and their role in the church
- ❖ encourages multi-cultural, global perspectives in teaching about Christianity
- ❖ provides 5 acts of Collective Worship for Primary schools
