

Mini Pots of Care

Mini Pots of Care is a fun and creative way for children aged 3-11 to learn about science and nature. Each participating child will receive their own, free planting kit, complete with bulb, compost, pot and a planting guide. Teachers will receive an instructions booklet with fundraising ideas, key activity dates, sample lesson plans and donation envelopes for the children to take home.

Pupils watch their daffodil bloom and have fun painting their pots by taking part in our Paint Your Mini Pot competition in spring 2008.

By taking part in Mini Pots of care, your pupils will help raise awareness and funds for our Marie Curie Nurses, who care for people with cancer and other terminal illnesses in their homes.

Mini Pots of Care is run in partnership with *Yellow Pages* and is supported by Homebase and City Link.

Register by October 17, 2008 by visiting
