Nutmeg Puppet Co. presents

Apple Pip

a puppet show designed for 3-6 year olds

From spring blossom and summer fruiting, to autumn harvest and leaf-fall, Pip sings as she swings from the branch of an old apple tree. Once it produced the tastiest apples in the orchard, but now it is neglected and all kinds of animals try to steal the last remaining fruit. Mrs Crabbe, the grumpy owner, plans to chop it down, but Pip loves the tree and wants to save it. With the help of the audience, she must find a way to make Mrs Crabbe change her mind.

A 30 minute show with puppets, storytelling, songs, original music, & a taste of apples. Followed by a 30 minute drama workshop and accompanied by an education pack full of preparation & follow-up ideas. The show has been produced in collaboration with teachers, children & parents from Norfolk schools & pre-schools, & with advice from the Norfolk Apples Project.

Thanks to generous funding we are able to offer the show for the subsidised price of £50 plus travel expenses to 50 nurseries, playgroups, first & pre-schools in isolated rural, or financially deprived urban areas in Suffolk, Norfolk & Essex.
