

Fiddlesticks!

Garlic Theatre is bringing a new puppetry show to schools in NORFOLK!

Fiddlesticks, is the playful spirit of a violin who breaks free from his strings and journeys into the world of musical fantasy. Carved wooden puppets in the style of Czech republic, combine with puppets made from old instruments to give a rich feast of music, theatre and beautiful images to inspire your children.

- *Fiddlesticks* will bring a rich cultural experience for all children from Reception up.
- A whole program of work can be based around the show relating to Key Stage 1 & 2 Music.
- The show will have a talk demonstration at the end.
- A booklet of follow up activities including music to teach the children will accompany the show and will have specific references to the National Curriculum.

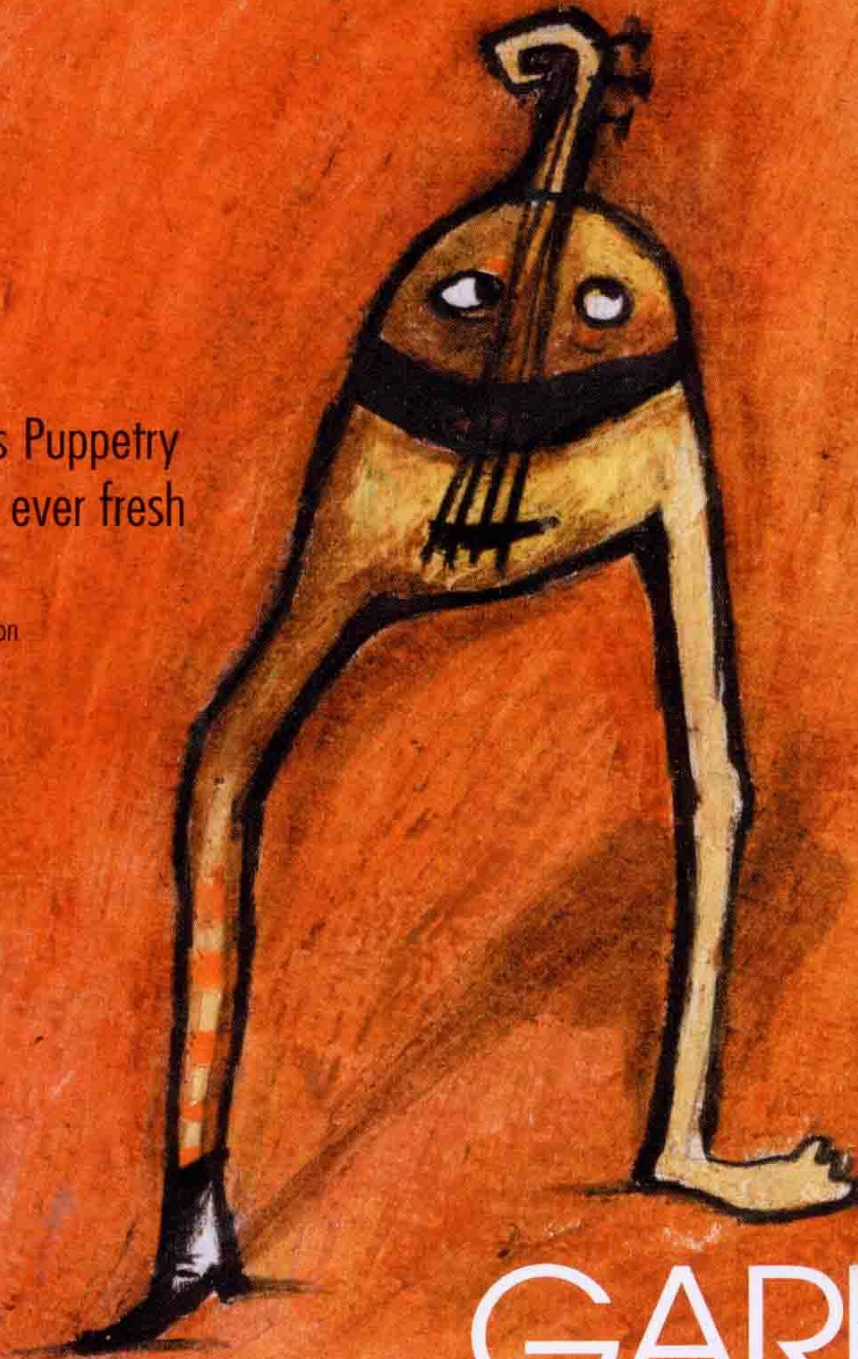

We would like one performance of Fiddlesticks @ £200.
Name and address of school:
