

Sustainable Development Fund Grants Available

Limited funding is available in the form of grants of up to £1,000 for small projects undertaken by schools, parish councils and other community groups.

Applications are welcome any time before March 2004.

The Broads Authority currently has funds available for small projects that **promote Sustainable Development or social inclusion** within the Broads area.

Projects must support the Authority's purposes, have the support or involvement of local communities and provide some element of public benefit.

The Authority wishes to **encourage** small-scale projects that promote **sustainable tourism**, renewable energy, sustainable landscape management, education for sustainability and social inclusion.

We are also keen to encourage individuals (particularly young people) and organisations to come up with new ideas for achieving social, economic or environmental sustainability in the Broads.

The application process is simple.
Please telephone the Fund Administrator, Nigel Dark, on 01379 668750. He will be happy to discuss your project with you, advise on its suitability and send you an application pack.
